

Acrostichon, Zombies

Totally controlled
It has filled your mind
Attracted all your feelings
Caught you from behind
Keeps away the thoughts
From your conscious life
Removes all the pleasure
Hurts you like a knife

No emotions in your face
Apathetic creature
A zombie (that's what you are)
And you are on your own
Tell me there's a way
For me to take away your pain
Fill me in on the horrors
That haunt your brain

ZOMBIES!!
