

# Action, Scared Into Silence

Who will be punished when the dust has cleared?

Who will be chosen to warrant our fears?

[Chorus]

SCARED INTO SILENCE

Millions of people want someone to blame

Desperate for answers they buy into the game

[Chorus]

Nightmare images to blind your eyes

They keep you informed with their blatant lies

[Chorus]

No one to question what's wrong or right

Onward to battle to prove their might
