

Action, Suicide Squad

Unarmed enemy, locked in your sights,
Goin' down a martyr tonight
Follow your orders, follow command,
Power of god in your hands

[Chorus]

Die for your government, Die for your god
There's no return from the Suicide Squad
Fighting the capitalists, fighting the West
Putting your faith to the test
No waiting Allah, you've been deceived
Dead for a dictator's greed

[Chorus]

Fighting the capitalists, fighting the West
Putting your faith to the test
Just a pawn, just a whore
In a fictitious holy war
