

Acumen Nation, F.W.M.

dammit! i said i was alright!

you ain't seen the last of me yet
i'll live to spread the discontent
to the yellow man and the darkest she
wake up to the new minority
sticks and stones of broken homes
and weapons made in welfare states
think about the hatred brother
m-i-s-s-i-s-s-i-p-p-i

peace tomorrow, peace tomorrow, peace tomorrow
hell today
peace tomorrow, peace tomorrow, peace tomorrow
hell to pay

you ain't seen the last of me yet
i'll live to watch her smash your head
rip your organs up in knots
to rule the functions you ain't got
own your bodies, destroy your image
rape your brothers, slaughter others
sister realize your destination is revenge

peace tomorrow, peace tomorrow, peace tomorrow
hell today
peace tomorrow, peace tomorrow, peace tomorrow
hell to pay

whitey builds her golden cages
starves her senses, beats her senseless
porno bibles, sex is violent
keep her quiet, one more diet
fucking white man, fucking white man
whitey happy, building ghettos
nine to five, kill off black minds
packaged slavery, addict babies
cross on fire, would jesus mind
fucking white man, fucking white man
fucking white man, fucking white man
fucking white man, fucking white man!

fucking white man, fucking white man
fucking white man, fucking white man
fucking white man, fucking white man
fucking white man, fucking white man!

peace tomorrow, peace tomorrow, peace tomorrow
peace tomorrow, peace tomorrow, peace tomorrow
peace tomorrow, hell to pay!!
