

Acumen Nation, Tone Deaf

if you peddle anesthesia
for the evil, won't you give me some
esclation, i'll be right out
after i kill this girl's smile for fun
for fun, for fun, for fun

i know you're right
you have to be, if you're with me
i've seen you pull your pride right out
over your head, i've won
never pull punches on my ego
i caught a vibe

trapped a bird right down inside
devoured her ashes while her body hummed
mutilation, i've got the touch
for degradation and undercuts for fun
for fun, for fun, for fun

i know you're right
you have to be, if you're with me
i've seen you pull your pride right out
over your head, i've won
never pull punches on my ego
i caught a vibe
made a wish on it
then i let it die
i'm never wrong

for fun, for fun, for fun
for fun, for fun, for fun
for fun, FOR FUN!!! YEAH!

I'M.. NEVER wrong
