

# Adagio, Fear Circus

Come with me, don't be scared  
I'm sure you'll enjoy the ride  
Hellish dreams, it's the time  
You've been all waiting for  
Let me please show you the way  
The grim reaper awaits  
Flat fifth whistle announces  
The deadly departure  
Like a wrecking bone  
The train is gone  
Next station please  
Fasten the belts  
Three minutes left  
To the fear circus  
Do you feel the winter?  
The frozen kiss awakens your sorrow  
Leave behind those ancient towns  
Forget, bring thy pain and mourn  
Let me please show you the way  
The grim reaper awaits  
Flat fifth whistle announces  
The deadly departure  
Like a wrecking bone  
The train is gone  
Next station please  
Fasten the belts  
Three minutes left  
To the fear circus
