

# Adair, Inflamed Nerve Endings

"I will meet you underwater  
dressed in white your eyes ablaze  
tonight you'll sleep out on my couch  
while I lie in bed all night awake  
a room away  
while I listen to you breathing in and out  
and I wait

Woahh I started falling so long ago when I met you  
and Ohh to hit rock bottom you will know it when I do

I will meet you underater  
let you kill me every day  
but God I'm tired and I'm burning  
can I be there when you rain?  
when you rain

It hurts so bad, it hurts so bad  
can you make this go away?  
It hurts so bad, it hurts so bad  
can you make this go away?  
It hurts so bad it, hurts so bad  
can you make this go away?  
It hurts so bad, it hurts so bad  
can you make this go away?

Woahh I started falling so long ago when I met you  
and ohh to hit rock bottom you will know it when .. know it when I do"
