

# Adam And The Ants, Miss Thing

Adam ant/marco pirroni

Miss thing what you got to say?  
We saw a honey just the other day  
A wild cat, a loud shirt  
Thinking up stuff just to different

Wa-la-ba-loomba  
Wa-la-ba-loomba  
Wa-la-ba-loomba  
Wa-la-ba-loom  
She was the only one to love him up right

Miss thing - where you gonna go?  
You ever seen a man jump a piano?  
Guttertalk, knock 'em dead

Pompadour six inches above his head

Wa-la-ba-loomba.... etc.

Miss thing please tell me why  
He says "child" when he meets another guy  
Sweaty staggering out of the swamp  
Freaky-deak dancing, pumping that pomp

Wa-la-ba-loomba.... etc.

Turn it up  
Have your fill  
Up in the treble  
A voice like a power drill.
