

Adam And The Ants, Sally Is A Brat - Studio

Sally is a brat
But we don't care
'Cos she's down in the street
And we're up here
Sally is a brat
Better kick her in the head
Stab her with a knife
'Til she drops down dead
Sally is a brat
But she's not a find
She sticks out her head
Sally's got no mind

Don't you get too close to her
Stomp up to her flat
Sally is a brat
Oh, she's just a brat

Sally is a brat
No one cares
They just throw her
Down the stairs
Sally is a brat
She loves to dance
But she rides around
In an ambulance
Sally is a brat
She dance the limbo

'Til she gets
Thrown out the window

Don't go making love to her
She'll give you the clap
'Cos Sally is a brat
Oh, she's just a brat

Sally is a brat
And she likes the Ramones
But a baseball bat
Broke forty bones
Sally is a brat
I hear her shout
Them cats are
Taking her appendix out
Sally is a brat
At twelve o'clock
Some punk hits her
With a rock

Don't you lay your eyes on her
Better turn your back
Sally is a brat
Oh, she's just a brat
Sally is a brat
Oh, she's just a brat
