

# Adam Ant, Alien

Adam Ant/Marco Pirroni/Boz Boorer  
Great when you call us  
Thank you for staying with us  
We missed you all so desperately  
But don't blink or you'll miss me  
On a street like this as it were  
From the thick of Jerusalem  
Is what makes you love old England  
The roots of freedom are here  
Say what you will about the Alien  
Just dig in and start with the sky  
He is welcome and ever may be so  
And then somehow everything seems  
To come out right  
So let's hear it for  
Let's hear it for  
Let's hear it for  
The Alien  
You're such a killer  
But oh just you trade that in  
For tea and Jammie Dodgers  
Down the Prospect and sing
