

Adam Ant, Amazon

Adam Ant/Marco Pirroni

Just stay out of my face

And get out of this place

Stop pulling my string

If you want a nice face

Boy

None so dull as spoken word

Things like "girls be seen not heard";

And when she fights you back

Don't call her Amazon

Be very quiet,

Nothing to say

Talk like a nice boy

And you'll be O.K.

You dig

A slice of heaven is what you are

Said Mary Joe in her little car

A slice of heaven is what you are

Now sensual big ladies are

Stranger in town

Plenty of cash

But you're in the wrong place friend

If you want to be flash

Dig it

The sweetest girl I ever knew

Was six feet four with eyes of blue

She's so wonderful

Don't call her Amazon

A slice of heaven is what you are

Said Mary Joe in her sports car

Such a darling child

Don't call her Amazon
