

Adam Ant, Miss Thing

Adam Ant/Marco Pirroni

Miss Thing what you got to say?

We saw a honey just the other day

A wild cat, a loud shirt

Thinking up stuff just to different

Wa-la-ba-loomba

Wa-la-ba-loomba

Wa-la-ba-loomba

Wa-la-ba-loom

She was the only one to love him up right

Miss Thing - where you gonna go?

You ever seen a man jump a piano?

Guttertalk, knock 'em dead

Pompadour six inches above his head

Wa-la-ba-loomba.... etc.

Miss Thing please tell me why

He says "child" when he meets another guy

Sweaty staggering out of the swamp

Freaky-deak dancing, pumping that pomp

Wa-la-ba-loomba.... etc.

Turn it up

Have your fill

Up in the treble

A voice like a power drill.
