Hey, you got a face like a labrador  
I don't mind that's what i'm here for  
The angel gabriel sent me  
To give you a little bit of sympathy

I'm gonna take you down to harley street

Such a shame you had that crash  
That will teach you to drive flash  
And a lorry hit you at full power  
Your blood gushing like a shower

Plastic surgery - it's so plastic  
Plastic surgery - fantastic  
(and you better take me away)

Well you might have to sell your car  
And your parent's brand new house  
You lie awake and lose your sleep  
Baby, miracles do not come cheap

Well you can have a brand new nose  
Light blue eyes or even hazel  
A little ear will be much better  
When you are a real go getter

Don't go sitting in the sun  
Your new face might start to run  
Just forget your makeup scheme  
Clean your face with mr. sheen
