

# Adam Brand, My Mama Told Me (Not To Play The

My mama told me not to play the guitar  
Stuck in a bottle neck you won't get far  
Hanging around with your sleeping in friends  
Elegant women, here I go again

My mama told me early to bed  
Early to rise is what she said  
My mama told me to play the six string  
My mama told me but here I go again

My mama told me go to church when  
I'm able And never live a moment of sin  
My mama told me not to gamble at the table  
Daddy said I gotta win win win win  
My mama told me not to play the guitar  
See the world but you won't get far  
Hanging around with your pool hall friends  
Loose women aah here I go again
