

# Adam Cohen, Opposites Attract

Everything I say and do and think  
You seem to disagree  
Admit it, babe  
Everything you needed to be happy  
Was a mystery  
I didn't get it babe  
They say that opposites attract  
I don't know about that  
I don't wanna be the one to tell you  
That you've lost your mind  
'Cause so have I  
You don't have to be the one  
To tell me that I'm outta line  
My perfect Valentine  
They say that opposites attract  
I'm not sure about that  
One more night of shouting  
One more broken glass  
If we could see ourselves  
Through someone else's eyes  
Even we would laugh  
Maybe there's a way we can accomplish  
The impossible  
You never know  
All that it would take is just  
An ordinary miracle  
Even though  
They say that sometimes you just snap  
And you can never get it back  
They say that opposites attract  
We'll have to see about that.
