

# Adam Green, Be My Man

New York city space ship  
On a Moonlight mass  
Tall black coffee everything is outclassed  
The benchwarming brother just kills for a gas  
When the L train starts moving I jus know it's going to last  
Be my man, be my man  
ohh could Tom and Jerry be my man  
I want to give that Michael Moore a dollar  
ohh could Tom and Jerry be my man

It's hard to keep me hungry on a noonday walk  
Still life frozen but this girly won't talk  
X rated violence make it old mixed with new  
Just what's truly outragious i'm dieing to be true  
Be my man, be my man  
ohh could Tom and Jerry be my man  
I want to give that Michael Moore a dollar, man  
ohh could Tom and Jerry be my man  
ouhhh  
hard to keep me hungry on a noonday walk, baby  
hard to keep me hungry on a noonday walking to you  
hard to keep me hungry on a noonday walk, be my man  
be my man, be my  
be my man
