

Adam Green, Cannot Get Sicker

I know what you thinking
because Im thinking too
You'r loving his body
But what else is not new

And the people who know
who know, who know, who know
that they cannot get sicker
Ohh they're bathing the boys
the boys, the boys, the boys
When they cannot be faithful
In time they're just unable
And your sucking the finals cheek
We play hide and seek
with motion sence
And the tigers roll
the herses full
And the glory bend
It's just past the rivers edge

Make it with with all time grace
Oh my legend is plain
is plain is plain is plain
Can you see I draw circles
When you line me with cash
with cash, and cash, and cash
Don't we always make money
but outlaw sex can be funny

And your sucking the finals cheek
We play hide and seek
with motion sence
And the tigers roll
the herse is full
And the glory bend
It's just past the rivers edge
