

# Adam Green, Hard To Be A Girl

Hard to be a girl  
So nice to be a boy  
In my room at night  
Not a pretty sight

Here's an empty kiss  
Marching to the rhythm of the payroll  
I can be a good boy too  
Just let me out of the stable

Sausages and eggs  
And hot and sour soup  
Thank me for your time  
'cause I can be as bad as you

Hard to be a girl  
That's what the oracle told me  
I don't care what she says  
I assume it's best to be lonley
