

Adam Green, Hollywood Bowl

Leave me alone
I'm in control
Gonna have a bad time
Rocking at the Hollywood Bowl

Blow, daddy, blow
Cause me to weep
Cry, baby, cry
All around the breeding ground muscular dudes

Pass me by
Slap me bye bye

And I don't even have to go
Up in a deconstructed badman
Raging river flow

Melanie asked you for the mission to report two more
I'm made a fool
Next time a cool joke
But I can not go back to that town
They make fun of me too much
And I can not go back to that town
Like my brother said before he died
One breaking down

Leave me alone
Nobody home
You've a new brand blue magic cold wedding gown

Not much to say
Cry, baby, cry
But I can not go back to Shanghai
