

Adam Green, Homelife

Homelife is so innerving
I'd like to be lost in a crowd
My homelife is disconcerting
I've got to keep my money down
Homelife x2
Anyways they'll soon be little kids
Just like my old life
My homelife
As desolate as any love could give

She takes me home x2
I wish I was dead when I came to
I walk alone
I am not known
Another one sighs
When I make ties
Ties ties ties

She takes me home x4
I wish I was dead when I came to
I walk alone
I am not known
Antoher one sighs when i make ties
Ties ties ties
