

Adam Gregory, It Ain't Cool

I used to wonder why the songs on the radio
Always seemed to be about love.
If you look
Every book, every TV show
Is just full of that stuff.

They write about it, talk about it, inside and out.
They even cry about it
For crying out loud.
Oh but now that I've got it,
I get it now.

It ain't cool to sing love songs
But I'm singing one to you
And it ain't cool to sing love songs
But I'm giving one to you.
And if you laugh at me
That's how it's gonna be
Cuz I'm doin' it,
Yes it's true.
Oh cuz now that I've got it,
Love is cool.

The way folks go on and on about it
They're gonna wear the word out.
And every time you see a poor fool fall in it
That's all he talks about.
I never understood why the subject of love
Was the biggest thing around.
Oh but now that I've got it,
I get it now.

It ain't cool to sing love songs
But I'm singing one to you
And it ain't cool to sing love songs
But I'm giving one to you.
And if you laugh at me
That's how it's gonna be
Cuz I'm doin' it,
Yes it's true.
Oh cuz now that I've got it,
Love is cool.

Love is cool.
Love is cool, baby.
Oh yeah
What's a poor boy,
What's a poor boy to do, yeah?

It ain't cool to sing love songs
But I'm singing one to you
And it ain't cool to sing love songs
But I'm giving one to you.
And if you laugh at me
That's how it's gonna be
Cuz I'm doin' it,
Yes it's true.
Oh cuz now that I've got it,
Love is cool, yeah.

Love is cool, yeah.
Love is cool, baby.
Oh love is cool.

Cool...
Oh love is cool.
