

# Adam Gregory, No Vacancy

Down in Dallas  
Lord those girls are fine  
In Carolina  
They make you lose your mind sometimes  
But it don't matter  
It's wasted on me  
'Cause everywhere I go  
You are the only one I see

(Chorus)  
So hang a sign on the wall  
There's no vacancy  
No more rooms at all  
This heart is taken, yeah  
No more vacancies  
This heart is taken... This heart is taken  
No vacancy

Try round the corner  
There might be something there  
But this heart hotel is all booked up  
Nothing to spare  
Once it was empty  
But not any more  
The do not disturb is right there  
On the front door

(Chorus repeat)

Like, Panama City on spring break baby  
In the whole darn town there's not a place to stay  
But honey, you've always got a reservation  
Anytime...everyday

(Chorus repeat)
