

Adam Gregory, Then She Cried

Just laid it all out on the line
Too late to take it back this time
The silence here is deafening
So afraid of what she's thinking
Did I just scare her off or make her mine?
Her beautiful eyes just keep on looking at me
And time stood still
I'm starting to understand eternity
How does she feel?
Will she laugh and maybe call me crazy?
Say adios, goodbye baby
Please god let her love me, give me a sign
And then she cried, then she cried
When that first teardrop hit the floor
I'd swore that girl was out the door
Did she just smile or is that me hoping?
I'm about to die right here not knowing
What on earth could she be waiting for?

Her beautiful eyes just keep on looking at me
And time stood still
I'm starting to understand eternity
How does she feel?
Would she laugh and maybe call me crazy?
Say adios, goodbye baby
Please god let her love me, give me a sign
And then she cried
Happy tears fell like rain
She said I've been so afraid
That you might not feel the same way
Then she laughed and she called me crazy
She said what took you so long baby?
Don't you know I've been waiting all my life?
Then she cried, then she cried, then she cried
