

# Adam Lambert, Feel Something

(Wanna feel something)  
Wanna feel something  
Just wanna feel something  
Wanna feel something)

I've been leaving my heart in all the wrong places  
Took it back way too soon when I should've been patient  
I built all these walls so no one could break in  
Truth it, I miss those nights when my heart could be naked

i don;t need to feel love  
I just wanna feel something  
if it's never enough  
at least it's better than nothing

after everyone I've lost  
and every kiss I wasted  
I don't , I don't need to feel love  
I just wanna feel something  
I just wanna feel something  
I just wanna feel something  
I just wanna feel

I waited so long to feel like I'm worthy  
find someone who could rewrite the pages I'm turning  
I've grown with the pain  
bathed n yhe lonely  
all I want in this moment is someone to hold me

i don;t need to feel love  
I just wanna feel something  
if it's never enough  
at least it's better than nothing

after everyone I've lost  
and every kiss I wasted  
I don't , I don't need to feel love  
I just wanna feel something  
I just wanna feel something  
I just wanna feel something  
I just wanna feel

I just wanna feel something  
I don't wanna feel nothing  
I don't  
I don't  
I don't
