

# Adam Lambert, Underground

When you're gone  
When you're gone, it's like I'm in one second in time  
I'm frozen  
When you're gone  
When you're gone, it's like I lost one half of my mind  
Stolen

Cause nobody feels you like I do  
Nobody kills me like you do  
Nothing I take can ever cut through  
I'm in trouble  
I look at myself and I don't know  
How I'm stuck to you like velcro  
Can't rip you off and go solo  
I'm in trouble

I'm hooked on how you made  
Me hooked, I'm gonna say it straight  
I want you, I need you  
I want you to take me underground  
I'm hooked; I can't cut you off  
In my blood; I'm gonna say it now  
I want you, I need you  
I want you to take me underground  
/2x

When you go  
When you go, it's like I put my life on the line  
It's  
When you go  
When you go, I'm tripping but I'm pretending I'm fine  
So dumb

Cause nobody feels you like I do  
Nobody kills me like you do  
Nothing I take can ever cut through  
I'm in trouble  
I look at myself and I don't know  
How I'm stuck to you like velcro  
Can't rip you off and go solo  
I'm in trouble

I'm hooked on how you made  
Me hooked, I'm gonna say it straight  
I want you, I need you  
I want you to take me underground  
I'm hooked; I can't cut you off  
In my blood; I'm gonna say it now  
I want you, I need you  
I want you to take me underground  
/2x

You got me hooked on you  
Now I'm in trouble  
Trouble, trouble, yeah

I'm hooked on how you made  
Me hooked, I'm gonna say it straight  
I want you, I need you  
I want you to take me underground  
I'm hooked; I can't cut you off  
In my blood; I'm gonna say it now  
I want you, I need you  
I want you to take me underground
