## Adam Pascal, Your Eyes

As we said our goodbyes Can't get them out of my mind And I find I can't hide From your eyes The ones that took me by surprise The night you came into my life Where there's moonlight I see your eyes How'd I let you slip away When I'm longing so to hold you Now I'd die for one more day 'Cause there's something I should have told you Yes there's something I should have told you When I looked into your eyes Why does distance make us wise? You were the song all along And before this song dies I should tell you I should tell you I have always loved you You can see it in my eyes
