

Adam Sandler, Forgetful Lucy

The Hukilau was the place
Where I first saw your face
We liked each other right away
But you didn't remember me the very next day
Forgetful Lucy
Has got a nice caboose-ie
I used to trick you into pulling your car over so we could chat
But my favorite time was when you beat the shit out of Ula with a bat
Than we drove up to see Dr. Keets
And find out why Doug always has to change his sheets
Forgetful Lucy
Cracked her head like Gary Busey
But I still love her so
And I'll never let her go
Even if while I'm singing this song
She's wishing I had Jocko The Walrus's shlong
Forgetful Lucy
Her lips are so damn juicy
How about another first kiss?
