

Adam & the Ants & Adam Ant, Scorpions

There's a gang in every town
I say that the rules will be turned around
Listen here from one who knows
Be fearless just like the Scorpions
Look pretty, look young, be fearless
Like the Scorpion
Look pretty, look young, be fearless
Like the Scorpion, the Scorpion, the Scorpion
Black's the colour, watch the claws
With nails as sharp as Diana Dors
Watching us is stopping you
From cruising Ugly Avenue
Look pretty, look young, be fearless
Like the Scorpion
Look pretty, have fun, don't listen
When you touch the ground to the Scorpion, to the Scorpion
And if by chance you cling to hate
Just rest assured it's your mistake
Hold, hold, hold
Hold your head, you know I'm right
The street's the place
Tonight's the night, the night
Look pretty, look young, be fearless
Like the Scorpion
Look pretty, have fun, don't listen
When you touch the ground
Look pretty, look young, be fearless
Like the Scorpion
Look pretty, have fun, don't listen
When you touch the ground
Look pretty, look young, be fearless
Like the Scorpion
Look pretty, have fun, don't listen
When you touch the ground
