

# Adam & The Ants, Human Bondage Den

Adam ant/marco pirroni

O lucky lucky me  
I can live here in luxury  
Can't answer your simplicity  
You've got to stop your grumbling  
And all that human bondage den  
And try to make a man of me  
Oh never never let me go  
The flaming flesh that wonder hole  
Where violence equals zero  
You've got to stop your grumbling  
And all that human bondage den  
Beef cake and custard to a big hero  
Hey ho strike one  
Last one in's a son of a gun  
Hey ho strike two  
Can't fight here, this is the war room

So kiss me quickly who'll oblige?  
So come along now don't be shy  
Don't be all surface no insides  
You've got to stop your grumbling  
And all that human bondage den

So swear the heat in baby  
No neck ties

Hey ho strike one  
Last one in's a son of a gun  
Hey ho strike two  
Can't fight here, this is the war room  
Hey ho strike three  
Action stations I'm ready  
Hey ho strike four  
My durango supercar

Hey ho strike five  
Wake up now it's time to die  
Hey ho strike six  
Flopnik kaputnik  
Hey ho strike seven  
Kissing at five, necking at eleven  
Hey ho strike eight  
Decided to co-operate  
Hey ho strike nine  
Gonna have us a crackin'good time  
Hey ho strike ten  
Flowers, bullets, zen and zen
