

Adam & The Ants, Young Parisians

Young Parisians are so French
They love Patti Smith
Young Parisians are so French
At the Champs Elycee

I want to go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me?
And see the young Parisians

Young Parisians are so French
They sit on the metro
Young Parisians are so French
Not like me and you

I want to go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me?
And see the young Parisians

Alors... et maintenant:

I want to go to Paris with you
Just to see what the French boys do to you
Why don't you come to Paris with me?
And see the young Parisians

Young Parisians are so French
They're always called Dubois
Young Parisians are so French
Talk nothing but French

I want to go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me?
And see the young Parisians

They're so French
They're so French
They're so French
Ah-oooh
