

# ADAM, Voodoo Nation

Crying a world full of pain  
Right to my face  
Rage I see in your damned eyes  
For all mistakes I've made  
Crawling straight down my way  
Something like all the rage I feel  
Life wants faith

Voodoo Voodoo Voodoo Nation

Raiging stars  
They will bleed as my scars  
You can feel, you can feel  
You won't forget

So try to die another day  
You said u want decay  
Life says I'll bring u to the grave  
So Life will bring u to the grave.  
Life that brings u all this pain  
Life that brings u all this shame  
U know why I hate you.
