

Adam Watts, God Of Grace

My feet on the ground
Heaven on my mind
Your loving grace inside
Still i fall away from you
Will you carry me
Carry me along

I need you here
I feel you here
Lord i need you now

God of grace, god of love
When i need, you are always enough
God of peace, god of all
I'm so glad you are there when i fall

I sit around watching life go by
Wasting precious time
Lord i need your hand to guide
Will you carry me
Carry me along

Ever by my side
You're never far
You show me there is peace
Behind the scars

In you i put my trust
When i'm in need, when i'm in the dark
You light's on me, within your arms i'm free
