

# Adam Watts, With You

I'm innocent, I'm guilty too  
I wanna be, I wanna be with you  
Got a hole inside but I wanna fill you up  
Tell me did I leave you too long  
Or could it be that I was never gone?  
All in all you feel like home  
I wanna be, I wanna be with you  
I'm comin' home  
I wanna be, I gotta be  
I wanna be with you  
Your innocence, it pierces through  
A blurry mind and now I can see you  
And though I fail sometimes, don't wanna do you wrong  
It took a while but now I'm strong  
It's you and me and it was all along  
All in all you feel like home

I wanna be, I wanna be with you  
I'm comin' home  
I wanna be, I gotta be  
I wanna be with you  
You've seen me run  
You've seen me blame  
Please close your eyes  
This time is not the same  
We'll carry on, we'll carry on  
All in all you feel like home  
I wanna be, I wanna be with you  
I'm comin' home  
I wanna be, I gotta be  
I wanna be with you  
Wanna be with you
