

# Adam Wilson, Jessi

1)

Why do you get in my way?  
I said that you can no longer stay  
Jessi, just fuck off home  
Why can't you just leave us alone?  
I've found someone new  
Sorry to have to break it to you  
I never loved you a little bit  
'Cause you treated me like shit

Chorus:

Jessi, I'm with somebody new now  
So just fuck off, you stupid cow  
Jess, I've told you that we're through  
You never loved me and I never loved you  
Fuck off, Jessi  
Fuck off, Jessi

2)

I've found someone to treat me right  
Someone who doesn't want to fight  
She is not one bit like you  
I know for sure that she is true  
She'll always be there for me  
Me and her are meant to be  
She would do whatever I want  
She'll say all the things you won't

(chorus)
