

# Adamantium, Filled With Shame

Regret  
Betray  
Turn your back  
Walk away  
Forget me  
Betray  
And now you're filled with shame  
We shared our lives  
Our friendship stains  
What's left for us?  
A life's worth of pain  
Regret  
Tattooed on your fingertips  
You'll never escape this  
Regret  
The weight upon your fingertips  
Everything is meaningless  
You set yourself up for one more day  
A day of suffering alone in shame.
