

Adams Bryan, Another Day

Adams Bryan
Into The Fire
Another Day
Woke up lyin' on the floor
Can't recall the night before
Oh - another day

Outside it's cold and damp
Unemployment cheque is spent
Yeah - another day

Some people never know
You can't just let it go
Or try and work it out some other way
Some people never learn
My life ain't their concern
And nothin's gonna change come what may

Had a job but it fell through
Landlord says the rent is due
Oh - another day

They say the best in life is free
But if you don
