Adele, I Drink Wine

How can one become so bounded by choices that somebody else makes? How come we both become a version of a person we don't even like? We're in love with the world but the world just wants to bring us down By puttin' ideals in our heads to corrupt our hearts somehow When I was a child every single thing could blow my mind Soaking it all up for fun but now I only soak up wine They say to play hard, you work hard, find balance in the sacrifice And yet I don't know anybody who's truly satisfied

You better believe I'm trying
Trying, trying
To keep climbing
Climbing, climbing
But the higher we climb feels like we're both none the wiser

So I hope I learn to get over myself Stop trying to be somebody else So we can love each other for free Everybody wants something You just want me

Why am i obsessing about you the things i cona't control Why am i seeking aproval form people i don't even know? In these crazy Times i hope I can find something i can cling onto Cause i need some substance i my life Something real Something that feel s true

You better believe for you I've cried I've cried, I've cried High tides High tides, high tides Want you so bad, but you can't fight fire with fire
