

Adele, Not Drunk Enough

Never been a girl who used to cry
Didn't show emotions, don't know why
Didn't wanna feel the pain inside, I guess
But as the years keep going by,
you came along and changed my mind
I should leave the past behind me,
I should let you find me,
supposed to stay beside me
You were supposed to guide me,
through the ups and downs,
you were always gonna be around until the end
I still think we could
`cause you and me, we're good
And I'll tell you why this hurts, 'cause I'm sober
But I just wanna be drunk
so I can forget about you
and all the stupid things that love has pulled me through
Even when I've had too much,
I still feel your touch
Maybe this just means that I'm not drunk enough
So I'm gonna get myself another drink
whenever I start to think about you
`cause I do what I really don't want to
but sometimes my dreams just come through
And when I get there,
to a place where I see you in a kitchen
I stop wishing but that thing and I don't need you,
I don't really wanna see you
and I don't want you to see me,
you would think that I was crazy,
you might think that I wanna be close to you
but I'd rather wanna drink some Whisky
and maybe have a little sip `o wine
`cause right now it's the only thing that makes me forget you are mine
but right now I am sober
But I just wanna be drunk
so I can forget about you
and all the stupid things that love has pulled me through
Even when I've had too much,
I still feel your touch
Maybe this just means that I'm not drunk enough
I still think we could
(I'm not drunk enough)
`cause you and me, we're good
`cause I'm sober
But I just wanna be drunk
so I can forget about you
and all the stupid things that love has pulled me through
Even when I've had too much,
I still feel your touch
Maybe this just means that I'm not drunk enough
(I still think we could)
But I just wanna be drunk
so I can forget about you
and all the stupid things that love has pulled me through
(`cause you and me we're good)
Even when I've had too much,
I still feel your touch
Maybe this just means that I'm not drunk enough
