

Adem, Pillow

It's night time
I'm sleepy
Will you take me home?

It's snowing
Out here
Will you keep me warm?

Could this be my home for tonight?
Rest my head upon the pillow
Need to stop my head from spinning

I can't think
Clearly
But I saw you smile
I'm sure I saw you smile

We had a nice time
We had such the nice time
Will you take my hand?

Could this be my home for tonight?
Rest my head upon the pillow
Close my eyes - I'll slumber easy here

Wake me
With kisses
Like butterflies

Could this be my home for tonight?
Rest my head upon the pillow
Close my eyes - I'll slumber easy here
Could it be I've found my home?
