

# Adema, Bad Triangle

It's Rio Life (It's Rio Life)  
It's Rio Life (It's Rio Life)  
It's Rio Life (It's Rio Life)  
It's Rio Life (It's Rio Life)

It's Rio Life mixed with Adema  
Get choked like throat hanging on a tight rope  
To survive you gotta be a dreamer  
I quote the fight might make you go psycho  
We can do it live in the arena  
Try to hold till your windpipe makes your mind slow  
Say goodnight thanks to Adema  
I chose taking my time so you'd die slow

You're still barely breathing  
Yeah but not for long  
Where is your mind?  
You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?

It's Rio Life  
It's Rio Life  
It's Rio Life  
It's Rio Life

It starts with your mouth  
Rnning that lip  
Stop that unless you wanna see me drop that (drop that)  
Without any clout it ain't worth shit  
Talk back and you gonna see me cock back (cock back)  
Leave any doubt at home with the kids  
That you fought back like Bush fought in Iraq.  
The time is now so just quit  
Or get tapped by the man with the hot track  
Take that!

You're still barely breathing  
Yeah but not for long  
Where is your mind?  
You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?  
It's just a matter of time  
Now I have control  
You've no where to go  
You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?

You're still barely breathing  
Yeah but not for long  
Where is your mind?  
You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?  
It's just a matter of time  
Now I have control  
You've no where to go  
You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?

It's Rio Life (It's Rio Life)

It's Rio Life (It's Rio Life)  
It's Rio Life (It's Rio Life)  
It's Rio Life (It's Rio Life)

You've been caught in a Bad Triangle  
Your life's on the line  
Where is your mind?
