

Adhesive, ...Before We Smash The State...

In theory we're preaching integration
With lyrical content spouting unity
But with the other hand we practice segregation
And alienate ourselves from the ones who cannot be
A part of what we call "solution";
SO, MY FRIEND, BEFORE WE SMASH THE STATE
WE'VE GOT TO SMASH THE BARRIERS IN OUR HEADS
AND REALIZE IT TAKES MUCH MORE
THAN A THOUSAND SIMPLE PUNKROCK SONGS
"United we stand, divided we fall";
As we pronounce ourselves the leaders of a movement
But our narrow minds will surely doom us all
When it comes to the Day of Judgment
And that's why we've got to open our minds
SO, MY FRIEND
