

Adhesive, Let It Come Down

You spout your rhetoric like a prophecy
An ugly mess of ignorance and brutality
LET IT COME DOWN
BURN YOUR VALUES TO THE GROUND
LET IT COME DOWN
THIS IS WHERE WE DRAW THE LINE
LET IT COME DOWN
What you call pride, I call bigotry
You're a spineless fuck searching for an identity
LET IT COME DOWN
You're a mercenary in a fascist war
Desperate because you know that things are falling
What's next? Another bloodstained misery?
I tell you things are gonna start moving, turning right against you
Gonna turn right against you
You call for freedom, yet you discriminate
Those who want no part in your spineless race of hate
LET IT COME DOWN
