

Adie, Time

Jesus my heart belongs to You
But I feel like I failed to be all that I've wanted to
So here I am
With not much to give to You

I won't waste this time
I'm coming back to You
I won't waste this time
And I'm on my knees
I won't waste this time
I won't - I need
I won't waste this time

Jesus I'm lifeless far from You
Forgive me for waiting
To believe in the grace You've offered me
I've surrendered
And here I am with not much to give to You

I won't waste this time
I'm coming back to You
I won't waste this time
And I'm on my knees
I won't waste this time
I won't - I need
I won't waste this time

A rush of words too small to thank You
But I've been so consumed by Your unending love
How do I even begin to repay
My life is Yours☐

I won't waste this time
I'm coming back to You
I won't waste this time
And I'm on my knees
I won't waste this time
I won't - I need
I won't waste this time
