

Adie, What Have I Done

What have I done lord Jesus to deserve this endless love
What have I done lord Jesus to be worthy of your grace
What have I done lord Jesus to standing here with you
What have I done lord Jesus to be worthy of you

For I am nothing yet love me
I am no one yet you care
You thought of me when you died
What have I done to deserve this love

And I lay down my will
To do yours until
My life I life I give hence forth to live for you alone

For I am nothing yet love me
I am no one yet you care
You thought of me when you died
What have I done to deserve this love

What have I done lord Jesus to deserve this endless love
What have I done lord Jesus to be worthy of your grace
What have I done lord Jesus to standing here with you
What have I done lord Jesus to be worthy of you

You made me worthy of you
You made me worthy of you.
