

Adkins Trace, Dreamin' Out Loud

Adkins Trace

Dreamin' Out Loud

Dreamin' Out Loud

Pardon me mister, it was my mistake

I gotta be more careful in a crowd

If you caught me talkin` to someone you can't see

Don't mind me, I'm dreamin` out loud

I can't help wondering what did I do wrong

To lose the only one I care about

I can't stop living in the used to be

Don't mind me, I'm dreamin` out loud

All I hear is her whisper my name

All I see is her hair tumble down

When I feel the touch of her hand in mine

I find I'm dreamin` out loud

Well I'd better be going, got some place to be

I know she's somewhere in this town

And until I find her and she comes back to me

I'll be dreamin` out loud

All I hear is her whisper my name

All I see is her hair tumble down

When I feel the touch of her hand in mine

I find I'm dreamin` out loud

I'm dreamin` out Loud
