## Admiral Freebee, Nobody Knows You

Nobody knows you Nobody knows you like I do And I know nobody else like you Nobody knows you like I do Glory glory hallelujah

I've seen the Lord And I've seen the Devil And on the twenty thousand roads I've been down I've never seen an angel town

I will beg, steal or borrow Of this time tomorrow I call you And I bring you Sorrow

Nobody knows you Nobody knows you like I do And I know nobody else like you Nobody knows you like I do Glory glory hallelujah

Nobody knows you Nobody knows you like I do And I know nobody else like you Nobody knows you like I do Glory glory hallelujah Glory glory hallelujah
