

Admiral Freebee, Wild Dreams Of New Beginning

We all have our wild dreams
Of new beginnings
Of taking the back roads
To far of places
To finding the happiness
Everyone chases
We all have our wild dreams
Of new beginnings

We are all filled with
Human desires
When the devil don't deliver
We call him a liar
We cut off his wings
And ask expensive things
We all have our wild dreams
Of new beginnings

And I know it's possible
For us to feel better
But I know today
It won't depend on the weather
And I promise you tomorrow
We will still be together
Dreaming our wild dreams
Of new beginnings

We all have our wild dreams
Of new beginnings

And I know it's possible
For us to feel better
And I know today
It won't depend on the weather
And I promise you tomorrow
We will still be together
Dreaming our wild dreams
Of new beginnings
Dreaming our wild dreams
Of new beginnings
Dreaming our wild dreams
Of new beginnings
