

# Adrian Trojanowski, Tete a tete

The end of the day  
The sun is going down  
People are running to their houses  
Nobody is on streets  
REF: We are tete a tete  
    We have all night for us  
    We will be dancing and playing  
    We are once again happytogether  
    But it will end  
    When a new day will come  
    When get new day

You will leave again  
I will be alone  
I will be waiting for you  
and for another night  
Another night was fallen  
Silence around  
There is nothing

REF: We are tete a tete  
    We have all night for us  
    We will be dancing and playing  
    We are once again happytogether  
    But it will end  
    When a new day will come  
    When get new day

When it wil end  
When I will have you also on day  
The night is too short for me  
I looking forward to another night  
For emptied streets

REF: When we will be tete a tete  
    When we will have all night for us  
    When we will be dancing and playing  
    We wiil be once again happytogether  
    But it will end  
    When a new day will come  
    When get new day  
When get new day
