

Adriana Evans, Trippin'

Take a trip
And trip inside your mind from where you are
Make a wish
And wish upon a star from near or far
I keep hopin' for a dream
I keep searchin' for the mircale in you
You can feel your destiny
If you hold on tight the dream will carry you

Trippin' through your mind yeah
Trippin' through your mind yeah
Your mind
In your mind

Close your eyes
And let your spirit fly from where you are
Take the time
To purify your mind from where you are
I keep hopin' for a dream
I keep searchin' for the miracle in you
You can feel the destiny
If you hold on tight the dream will carry you

Trippin' through your mind yeah
Trippin' through your mind yeah
Your mind
Through your mind
Through your mind
Through your mind...
