

Adrienne Bailon, Stand Up

Send "Stand Up" as a Ringtone to Your Cell

Whatcha waitin' for yo

Everything is here and now, all around

So don't be shy it's time to party

Get your back up off the wall

You know what ya came here for, for sure

So don't be late let's get it started

Lean back, walk it out

Two steppin's what it's all about

Uh c'mon, rock with it now

Chorus:

Stand up now everybody

Stand up and celebrate

Make now the best time of your life

That's right

Stand up and feel the rhythm

Stand out in your own way

You'll never really know until you try

So let me see ya stand up

Oh-oh, oh-oh, oh-oh, stand up

Oh-oh, oh-oh

Open invitation

Now you're ready set and go, you know

This party's gonna be the drop off

East, West, North and South

Everybody in the house, come on

Cause once we start

You know we don't stop

Lean back, walk it out

Two steppin's what it's all about

Uh c'mon, rock with it now

Chorus

Oh-oh, oh-oh, oh, oh, oh, oh

Oh-oh, oh-oh, oh, oh, oh (3x)

Chorus

Everybody stand up!
